All year		←												A6 Exercises in Medical Sciences, A7 Study in Medical Science																								→																				

1st priod 8:45~10:15 A1~A5: Compulsory subjects  
 2nd priod 10:30~12:00 B1~B6, B8, Medical Experiment Course :  
 3rd priod 13:15~14:45 Elective subjects  
 4th priod 15:00~16:30 A6, A7: Compulsory subjects  
 5th priod 16:45~18:15 (Research guidance courses in the laboratory)  
 6th priod 18:30~20:00 Number in ( ) : Number of lectures to be held

Lecture Room: Lectures offered by several instructors (omnibus classes) will be given in the lecture room 2 on the 3rd floor of the Medical Education & Library Building.

\*There will be an intensive lecture on "B7 Introduction for Laboratory Animal Experiments". Details will be announced separately by e-mail and on the website of GSMS (URL below).  
 \*"B8 Basic Radiology" consists of lectures. The students, who complete this B8 subject, will be allowed to perform the RI experiments without additional training. The first, second, third and four sessions of B8 will not be held during the regular third and fourth periods, so please make sure to check the notes for taking B8.  
 \*Other seminars are irregularly opened from 17:30.  
 \*The lecture schedule is subject to change depending on circumstances. Notification of changes and cancellations will be sent via email and GSMS website. Please check the website or e-mail before class to make sure there are no changes.
