

How to participate in lectures through e-learning

1. Classification of e-learning

Please note that the lectures by e-learning are classified into 6 types: eE-O, eE-L, eJ-O, eJ-L, eEJ-O and eEJ-L. These marks are written in the pages of the lecture schedule of each subject.

1) Classified according to the language used in the lecture.

eE: e-learning content in English

eJ: e-learning content in Japanese

eEJ: e-learning content in both Japanese and English

2) Classification according to the use of e-learning for the lecture.

-O: Lecture only by e-learning; no face-to-face class will be conducted.

-L: In principle, a face-to-face lecture; if unable to attend the lecture, a student may participate in the lecture through e-learning as supplementary lecture.

No e-learning marks: Lectures will be held only by face to face.

3) Regarding a lecture with e-learning content prepared only in Japanese (eJ-O or eJ-L), if an international student, who cannot understand Japanese, has registered for such lecture, the face-to-face lecture will be conducted in English (+ Japanese). This lecture may be recorded to be used for an e-learning content as eE or eEJ in future.

* Example of e-learning classification:

eJ-L means “students are requested to attend the face-to-face lecture in principle, but if unable to do so, they can participate in the e-learning lecture prepared in Japanese language as supplementary lecture”. If an international student, who cannot understand Japanese, has registered for the course, a face-to-face lecture will be conducted in English (+ Japanese).

2. How to access the e-learning system (Moodle)

① Access Kumamoto University’s Portal website (<http://uportal.kumamoto-u.ac.jp/>), and log on to Kumamoto University Portal’s Site.

(Please check the previous page ”1. How to access Kumamoto University’s Portal”.)

The screenshot shows the Kumamoto University Portal website. The main navigation bar includes '熊大ポータル', '学内情報', and '時間割'. The left sidebar contains 'お知らせ・新着情報' and '学生の皆様へのお知らせ'. The right sidebar contains 'シングルサインオン対応アプリV2' and '統合認証対応システム'. The '統合認証対応システム' menu is highlighted with a red box, and the '全学IMS (e-Learning) Moodle' link is highlighted with a red box and a red arrow pointing to it. The word 'Click' is written next to the arrow.

- ② If you successfully log in the system, please click the "全学 LMS(e-Learning System)Moodle".
- ③ You can change the display language, so when you access Moodle, we recommend that you change it to English first.

- ④ In the "My Courses" sections of the home screen, you can see the lecture courses you have registered for in SOSEKI.

- ⑤ Select the course you wish to take from "My Courses".

- ⑥ From each lecture page, you are able to learn the contents through the lecture videos and handout materials; and then, take tests to determine your understanding. If you pass the tests, your lecture participation would be completed. If you are failed, you may confirm and study again the part of insufficient understanding, and be able to take test only one more time.
